

REACH Declaration under Regulation 1907/2006/EC

DewertOkin Kft. is a producer of articles or a downstream user of chemical substances and mixtures within the meaning of Article 3 of the REACH Regulation, so there is no obligation to register.

In order to comply with the requirements of the REACH Regulation, DewertOkin Kft. maintains close relations with its suppliers.

For chemical mixtures and substances used in the manufacture of products, safety data sheets issued by the manufacturer are available. The information in the safety data sheet complies with the requirements laid down in Council Directive 98/24/EC of 7 April 1998 and Regulation No. 1907/2006/EC.

In the case of articles used for incorporation into our products, so-called manufacturer's declarations are obtained, in which the supplier declares the SVHC (substance of very high concern) content of the article if they exceed the prescribed limit.

Based on the information available at the date of this declaration, the substances and mixtures we use are registered and do not contain substances of very high concern above the stated limits. Accordingly, DewertOkin Kft. has no obligation to notify the SCIP database under Article 7 of the REACH Regulation.

ROHS declaration based on Regulations 2011/65/EU (ROHS II) and (EU) 2015/863 (ROHS III)

Based on the information available to us on the date of this statement, the substances listed in the decree either do not enter the products of DewertOkin Kft at all as raw materials or additives, or comply with the limit values prescribed in the decree.

PAH (polycyclic aromatic hydrocarbons)

At the date of this declaration, the compounds listed in the provisions of Regulation No. 1272/2013/EU (6 December 2013) amending Annex XVII to Regulation No. 1907/2006/EC of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) as regards polycyclic aromatic hydrocarbons, the raw materials we use do not contain.
